By [John Locke](#) on February 23, 2016

Verified Purchase

The image in the product description is wrong.

I received a plastic case. The contents of the case are simply tossed in with no way to sort them.
i.e no inner dividers.

Plastic seems like it would crack (if exposed to elements for too long.

Warning label on case reads- "This product contains a chemical known to the state of California
to cause cancer and birth defects or other reproductive harm"
